14—That the usual annual grant be made to the FREE PRESS and *Advertiser* reporters.

15—Your Committee, as by by-law provided, beg to submit a report of the attendance of the members during the year 1887,—

Thirty-three meetings were called; at two there was no quorum.

Mayor Cowan	present at	30,	absent from	3.
Ald. Davis	" "	32,	" "	1.
" Greer	" "	27,	" "	6.
" Bowman	" "	29,	" "	4.

" Dreaney	" "	30,	" "	3,

16—That the petition of J. B. Boyle, President of the Teachers' Association, for a grant of $25 be granted in accordance with statute so providing.

The report was dealt with in consecutive clauses, Ald. Greer in the chair.

The first ten clauses passed. On the eleventh clause Ald. Bowman said the interments were peremptory, but if the city was responsible for the payment of such accounts it would be a serious item, as the numerous other charities in the city would require to be placed on an equal footing, and as the children in this institution were from all parts of Canada, and even from the U.S., he thought the City Solicitor's opinion should be taken in the matter.

A motion to submit the account to the City Solicitor by Ald. Bowman carried.

The 12th, 13th, 14th and 15th clauses adopted.

The report was adopted.

Ald. Bowman asked that the minutes of 22nd July, folio 654, and folio 661, *re* taxation of the Chemical Manufacturing Company be read, and the yeas and nays on said motions. Granted.

The motion of Ald. Bowman was not recorded as having voted yea or nay on either motions.

Ald. Skinner resigned his position as representative on the School Board, as he could not attend to it and do his duty by his constituents at the Council. On motion of Ald. Bowman and Dreaney the resignation was accepted, and the appointment of a successor left for the new Council.

BY-LAWS

By-law to authorize the Inspector to have coal weighed in certain cases on the city scales,

Ald. Bowman proposed that the Inspector be given power to weigh on any scales, as it would save distance, and enable the by-law to be more efficiently carried out.

Ald. Skinner seconded. He thought as all the scales were verified once a year by inspection it would answer the purpose.

Amendment made. By-law read three times and passed.

To grant $1,000 to the Medical Faculty of the Western University. Read twice and laid over for the consideration of the new Council, on motion of Ald. Skinner.

The levying rate to pay street watering for 1887. Read three times and passed.

To provide for watering certain streets in 1887. Read three times and passed.

Adjourned.
